Wally:

Thanks for sharing these letters and your update with me. I assume your meetings with the Corps have been with the Portland District.

I am forwarding to Dan and Cami for their awareness since we have a number of ongoing work efforts with the Corps. Dan will be attending a Columbia River Federal Exec meeting on Dec 17th in Portland and he may want to mention this work effort.

I am also copying Wenona who might already be engaged on this.

Mary Lou

FYI. Good morning everyone,

I wanted to share EPA's response to the WA/OR/Yakama request to list the Bradford Island Site on the NPL. We have had a meeting with the Corps to discuss this and will be reaching out again to ensure communications continue to flow. Ken and I are participating on the quarterly Site management calls with the stakeholders, securing the services of a CIC and PIO, and diving head first into the listing process with HQ and our contractors.

Please let either Ken or I know if you have any questions or concerns.

Thanks,
Wally
